Summery

Detail-oriented and skilled Java Full Stack Developer with strong expertise in developing robust and scalable web applications using Java, Spring Boot, and Hibernate on the backend, and HTML, CSS, and JavaScript on the frontend. Proficient in designing RESTful APIs, managing relational databases with MySQL, and implementing responsive, user-friendly interfaces. Adept at full software development lifecycle, from requirements gathering to deployment and maintenance. Committed to writing clean, efficient code and delivering high-quality solutions in Agile development environments.

Education

Rayat Shikshan sansthas Sadguru Gadage Maharaj college Karad , Bachelor of Science in Computer Science 2022 – 2025

- CGPA: 9.00/10
- percentage : 84

Maharaja Sayajirao Junior college Satara , XII (PCMB) 2021-2022

- percentage : 56

Technologies

Frontend: HTML5, CSS3, JavaScript (JS), Bootstrap 5.

Backend: Java, SpringBoot, Hibernate, JSP, Servlet.

Database: MySQL

Softwares: Visual Studio, NetBeans, Eclipse, GitHub, etc.

Projects

1.Online Flight Booking System - Web Application

- Developed an **Online Flight Booking Web Application** using **Java (backend)**, **MySQL (database)**, and **HTML, CSS, JavaScript (frontend)** to deliver a seamless user experience.
- Integrated **Razorpay Payment Gateway** for secure and efficient online transactions.
- Designed and implemented features for **searching, booking, and managing flight reservations**, enhancing user convenience and engagement.
- Focused on **user-friendly UI/UX**, optimizing responsiveness and accessibility across devices.
- Ensured **data security, reliability, and system efficiency** to support real-time flight booking operations.

2.NewsInsight - Web Application

- Developed a React.js web app for real-time, category-specific news updates using the News API.
- Implemented function-based components, React Hooks, and React Router for seamless navigation.
- Optimized API integration with Fetch API and async/await for fast and reliable data retrieval.
- Enhanced UI with a responsive design, Bootstrap 5 styling, and intuitive components.
- **Technologies:** React.js, React Hooks, Router, Fetch API, Bootstrap 5, Visual Studio, Async/Await.

Certifications

- **Java Fullstack Certification Course** conducted by **Symboisis Skills and Professional University, Pune.**
- **Web Development for Beginners** from **SimpleLearn.**
